

Planting for Pollinators

Wednesday 17th Oct 13.30-15.30

**Attenborough Arboretum, 5-23 Carisbrooke Rd,
Leicester, LE2 3TQ**

Come and join an afternoon of planting for bees, butterflies and other pollinators at the Attenborough Arboretum where we will be planting cowslip, primroses, yellow-rattle, and more, enhancing the area with bright yellow, purple, pink and blue plants.

The session will be led by the Urban Buzz project, supported by University of Leicester. The event will give you the opportunity to learn more about pollinators and the flowers they rely on for food
